Make and Take Orientation

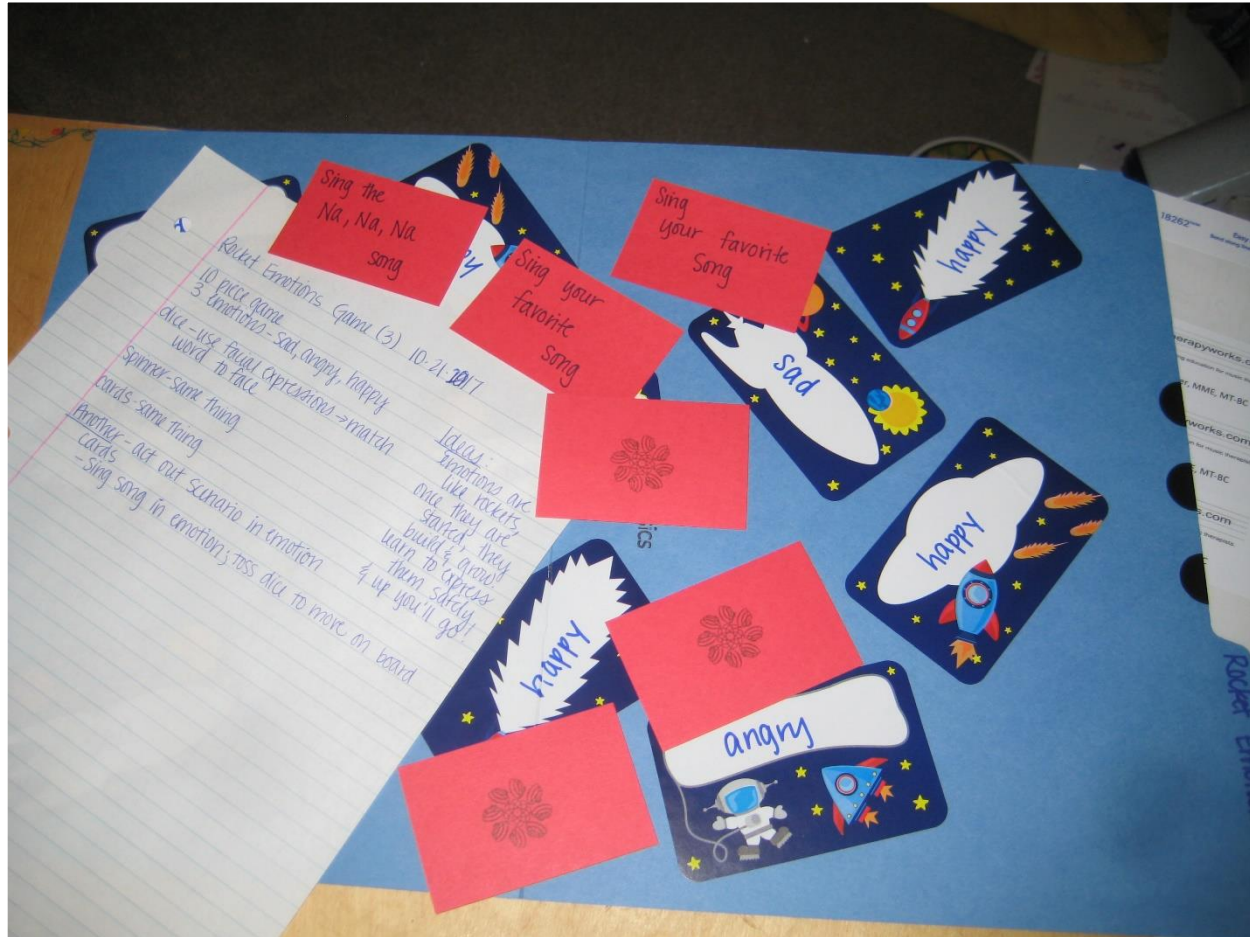

We're going to get ready to go – but first, a quick talk about tools and happy little accidents, expert consultants, why file folders, and anything else we decide to talk about...

Let's Go!

First project – guided project. Let's do this.

Materials: Index card, ruler, scissors, pencil, Done or Finished or general prohibition signs, Laminating sheet, laminator, Velcro – at least 6 loop pieces and 3 hook pieces, colored pencils or markers

Let's Do This!

First folder – learning the process, follow directions, you made it happen for you!

Second folder and as many others as you want to make – time to try other things out – fancy paper, stickers, stencils, no holds barred!

*Talk about why and
what and how...*

*Let's get back together and talk about the
details and things to think about.*
